OUR LEARNING METHODOLOGY

Knowledge + Simulation = Transformation

Transformational Accelerated Learning is whole-brain whole-being learning, that includes colours, music, videos & hands-on experiential activities, games, discussions, etc. leading to right & left brain integration.

Unlike normal hype-based motivational programs, this fun & highly interactive learning approach, has a lot of grounding exercises, that leads participants to experience transformation & clarity in themselves.

This methodology has proven to rewire the brain, create and activate new paths/ways of thinking, for effective whole-brain thinking practice. You receive REAL-TIME experience, that impacts your Beingness in mind, body & spirit level - Whole-brain living.

All sessions and modules are dynamically designed for a learning-action experience, improving your performance in business/career & in personal life.

Learning by doing is the main focus of our programs. There will be assignments directly related to your business to ensure you achieve business results while in the program.

”

I was looking to bring foreign investments into the Indian capital markets. Through the network of SGG, I was able to meet with the right connection, get access to the capital market of India, Bombay Stock Exchange BSE-SME platform. This connection has fast tracked our entry into the India in the most effective and reliable way.

CONSCIOUS LEADERS & MENTORS

”

Dr.h.c. Azeeza's help has been very significant in settling my first clothing venture NC Styles in Singapore around 2010. Attending many of their programs and one to one sessions, I got insightful guidance and tips that time helped me in my learning about the entrepreneurial mindset. I am thankful to the guidance and the access to their network at that time.
